And we have reached the 6th edition.

Once again the Finisterra Arrábida Film Art & Tourism Festival assumes itself as one of the main international projects of the Region. It will certainly be the one that will take you further and more countries. The Arrábida Film Commission, also a co-organizer of this festival, has seen with great pleasure the great increase of requests to film in the Region, Advertising films, short films, longs, novels, and photography, showing with this the enormous promotional work that this festival develops across borders.

From this edition the Finisterra Arrábida Film Art & Tourism Festival, became integrated in one of the biggest platforms of festivals of the World, the Filmfreeway. We are certain that we are on the right track and that it will be a great asset to us all in terms of organization. The Jury in this edition composed of 21 elements from different countries, had enormous difficulty in classifying and choosing the winners, due to the enormous quality of the works presented.

In this edition we received 210 films from 56 countries of the five continents.

This year India as a "Special Guest" country, with huge prominence for the presence of Bollywood film producers also representing India. Responding to our invitations, it is with great satisfaction that we saw several scenes for two Bollywood films being shot in our region of Arrábida with the direct intervention of "All Around Globe Portugal". The presence of the Indian Ambassador to Portugal, Nadini Sigla and his cabinet, who welcomed us and accepted our invitation. Institutional relations have been highly, developed in order to promote Portugal in one of the largest countries in the world.

The participation of a Bollywood dance company will be one of the highlights in the closing ceremony of the festival.

Also note the sixth edition of the conference "Cinema and Tourism" to be held for the first time at the Clube Sesimbrense, with the participation of the British Rob Davinson, Rui Miguel Mendonça, Augusto Alves da Silva and Dhimant Radia from Bollywood. Three photography exhibitions about India: From the embassy with "incredible India", "Wonderful India" by Portuguese photographer João Taborda, one of the most medalists in the world and "My farmers" by Portuguese photographer Jorge Bacelar, Champion of the World of Photography in 2016

Also here, mention the great success of the partnership with Canal Sporting TV where at the invitation of its director Rui Miguel Mendonça, we have a weekly heading of "Cineturismo" to promote

Festival Finisterra, in the program “Good Day Sporting”.

Today the Finisterra Arrábida Film Art & Tourism Festival is already a World reference and one of the best festivals in the genre at the International level. It is demonstrated by the participation of numerous directors and producers, but also hundreds of international news, institutional invitations and partnerships with other festivals such as Hollywood, Brazil, Czech Republic

E chegámos à 6ª edição.

Uma vez mais o Finisterra Arrábida Film Art & Tourism Festival assume-se como um dos principais projectos internacional da Região. Será certamente aquele que a levará mais longe e a mais países.

A Arrábida Film Commission, também coorganizador deste festival, tem visto com agrado o grande aumento de pedidos para filmar na Região, Filmes publicitários, curtas, longas, novelas, e fotografia, mostrando com isso o enorme trabalho promocional que este festival desenvolve além fronteiras.

A partir desta edição o Finisterra Arrábida Film Art & Tourism Festival, passou a estar integrado numa das maiores plataformas de festivais do Mundo, a filmfreeway. Estamos certos que caminhamos pelo lado certo e que será para todos uma grande mais valia também em termos de organização. O Júri nesta edição composto por 21 elementos de diversos países, teve enorme dificuldade em classificar e escolher os vencedores, face à enorme qualidade dos trabalhos apresentados. Nesta edição recebemos 210 filmes de 56 países dos cinco continentes.

Este ano a Índia como país “convidado Especial” com enorme destaque para a presença de produtores de cinema de Bollywood também em representação da Índia. Respondendo aos nossos convites, é com muita satisfação que vimos ser rodado na nossa região da Arrábida várias cenas para dois filmes de Bollywood com a intervenção direta da “All Around Globe Portugal”.

A presença da Embaixadora da Índia em Portugal, Nadini Sigla e o seu gabinete, que muito bem nos recebeu e aceitou o nosso convite. As relações institucionais tem sido de grande desenvolvimento de forma a promover Portugal num dos maiores países do mundo.

A participação de uma companhia de dança de Bollywood será um dos pontos altos na cerimónia de encerramento do festival.

Destacar ainda a VI edição da conferência “O Cinema e o Turismo” a realizar pela primeira vez no Clube Sesimbrense, com a participação do britânico Rob Davinson, Rui Miguel Mendonça, Augusto Alves da Silva e Dhimant Radia de Bollywood. Três exposições de fotografia sobre a Índia: Da embaixada com “incredible Índia”, “Wonderful Índia” do Fotógrafo português João Taborda, um dos mais medalhados do mundo e “ Os meus agricultores” do fotógrafo português Jorge Bacelar, campeão do Mundo de fotografia em 2016..

Também aqui, referir o enorme êxito da parceria com o Canal Sporting TV onde a convite do seu diretor Rui Miguel Mendonça, temos rubrica semanal de “Cineturismo” para promoção do Festival Finisterra, no programa Bom Dia Sporting.

Hoje o Finisterra Arrábida Film Art & Tourism Festival é já uma referencia Mundial e um dos melhores festivais no género a nível Internacional. Prova-o a participação de inúmeros realizadores e produtores, mas também as centenas de noticias internacionais, os convites institucionais e de parceria com outros festivais como Hollywood, Brasil, República Checa

Vice-mayor  
of Sesimbra Council

Na sua sexta edição, o festival Finisterra traz a Sesimbra duas centenas de filmes turísticos de 55 países. São números a que o certame já nos habituou, mas que nos continuam a impressionar. Tal como nos anos anteriores, para além da mostra de cinema, o programa inclui exposições, palestras e um conjunto de visitas ao nosso território, que, pelo seu encanto, é escolhido por muitos cineastas como cenário para as suas obras. Os convidados e participantes vão também participar em atividades ligadas ao mar e à pesca, que tão bem nos caracterizam e que ficarão, certamente, na memória de cada um.

Este ano sobressai do programa a presença de Bollywood, a poderosa indústria cinematográfica indiana, responsável por cerca de dois mil filmes por ano, com um alcance de milhões de pessoas em todo o mundo. Bollywood começa, a pouco e pouco, a chegar a Portugal e, pela sua dimensão e visibilidade, poderá ter um impacto muito positivo na divulgação do país e, naturalmente, do concelho de Sesimbra. É um fenómeno que desperta curiosidade pela exuberância do ritmo, som, cores e, sobretudo, das famosas coreografias de dança, que não deixam ninguém indiferente.

Ao escolher uma vertente do cinema que cruza a sétima arte com o turismo, o Finisterra é, para além de um momento cultural, uma forma de promoção turística de Sesimbra e da região junto de um público profissional e interessado nesta temática, mas que conquista cada vez mais o público em geral. Por esse motivo, a Câmara Municipal associou-se desde a primeira hora a este projeto, que continua a apoiar e a incentivar.

President of the Jury

---

I am privileged to know FINISTERRA ARRÁBIDA FILM ART & TOURISM FESTIVAL since its inception. I had the honor to participate in FINISTERRA as producer, speaker in several editions, Jury member, and now as President of the Jury. Certainly, I feel comfortable to confirm that the quality of the tourism films submitted has been growing consistently year after year.

In the 2017 edition, we had the opportunity of watching 206 high-quality films.

The Jury's task of evaluating and scoring so many films is as intense as rewarding. We feel so many moments of emotions and sensations crossing us. It's like to travel again to the same places we know, and viewing techniques that surprise us.

There were more than 120 film directors and producers (20% of repeaters from the previous year) from 55 countries.

It was gratifying to notice that continuity is assured. The youth of the youngest filmmaker, 22-year-old Tate Tucker of Canada, contrasts with the experience of the Austrian director Bottaro Adriano, 50 years older. In common they share the passion of storytelling we all appreciate and love.

Telling great stories does not imply necessarily great resources and here is the proof. The productions submitted to FINISTERRA ARRÁBIDA FILM ART & TOURISM FESTIVAL cost between 50€ and 166€. Creativity remains one of the most important features.

It was with pleasure that we watched the films shot in all the continents in the most fantastic places of the globe: Nepal, India, China, Japan, Antarctica, Peru, USA, Africa and, of course, the old continent, Europe.

Our jury members ensure the quality of the final results and to them I address my words of respect and homage. They were kind enough to grant the present edition of FINISTERRA ARRÁBIDA FILM ART & TOURISM FESTIVAL their private time and their careful attention by previewing these cine-touristic productions.

The Jury was composed of 20 members with different and multidisciplinary profiles, recognized in their areas of activity, from 12 countries.

Finally, I want to address a final tribute to Carlos Sargedas, that throughout all editions of FINISTERRA ARRÁBIDA FILM ART & TOURISM FESTIVAL has struggled to join the Cinema to the Tourism and make this FESTIVAL one of the best at international level.

Long Life to FINISTERRA ARRÁBIDA FILM ART & TOURISM FESTIVAL!

---

Conheço o FINISTERRA ARRÁBIDA FILM ART & TOURISM FESTIVAL desde sempre e tendo participado, como produtor, como palestrante em diversas edições, como jurado e agora como Presidente do Júri, permito-me afirmar que a qualidade apresentada nas produções submetidas ao Finisterra ano após ano, tem vindo a crescer de forma significativa.

Na edição de 2017 foram submetidos 206 filmes de elevada qualidade, a Tarefa do Jurado é, portanto, intensa e ao mesmo gratificante.

São momentos de emoção, sensações que nos atravessam. Muitas vezes, é revisitar locais e reviver viagens e histórias. Outras, conhecer técnicas que nos surpreendem.

Foram mais de 120 as entidades proponentes (das quais, 20% são repetentes do ano anterior) oriundas de 55 países.

Registamos ainda que a continuidade está assegurada, a juventude da realizadora mais jovem, de 22 anos, Tate Tucker do Canadá, contrasta com a experiência do realizador austríaco Bottaro Adriano 50 anos mais velho. O denominador é comum: a paixão de contar histórias, que todos gostamos.

E nem sempre são precisos grandes recursos para se contarem boas histórias. As produções apresentadas ao Finisterra custaram entre 50€ e os 166.000€. A criatividade continua a ser uma das características mais importantes.

Foi com prazer que pudemos ver filmes realizados em todos os continentes, nos locais mais fantásticos do globo, desde o Nepal, Índia, China, Japão, Antártica, Perú, EUA, África e, naturalmente, no velho Continente, a Europa.

Os Nossos Jurados são o Garante da Qualidade dos Resultados finais e para eles vão as minhas palavras de respeito e homenagem. Deram ao FINISTERRA ARRÁBIDA FILM ART & TOURISM FESTIVAL e a todos estes filmes o seu tempo particular e a sua atenção na visualização prévia destas produções cine-turísticas.

São 20 jurados com perfis diferentes, multidisciplinares, reconhecidos nas suas áreas de atividade, que se completam e que nos chegam de 12 países.

Por último, uma homenagem ao Carlos Sargedas, que ao longo de todas as edições do FINISTERRA ARRÁBIDA FILM ART & TOURISM FESTIVAL tem lutado para juntar o Cinema ao Turismo e fazer deste FESTIVAL um dos melhores a nível internacional.

Boa sorte FINISTERRA!

A warm welcome to the 6th edition of Arrábida Film Art & Tourism Festival where India is the guest country this year. I invite you all to join us in this visual delight showcasing various aspects of the fabulous art, culture and tourism of “Incredible India”.

India, a country of 1.3 billion people with over 2000 ethnic races speaking 1600 languages is a continent in itself. With an ancient civilization dating back to more than 4000 years that is anchored in brotherhood and inclusion, India believes in the Sanskrit credo ‘Athithi Devo Bhava’ where everyone is made to feel at home and everyone is welcome.

Given its diverse topography of mountains, sea, desert, hills and plains, India offers every possible variety of tourism. And not just tourism in recreational sense - India also offers bliss, peace and healing! It is a land where you can find yourself through spiritual experiences along the banks of the river Ganga; thrilling adventures atop the highest mountain ranges of the world – the Himalayas; while relaxing on the pristine beaches of Andaman Islands; or during breath-taking backwater rides in Kerala.

And if you like history, you will enjoy discovering every époque of history here, going back to the Indus Valley Civilization to the incredible art and architecture of the mighty Indian empires that ruled across India –the Mauryas, the Pallavas, the Cholas, the Mughals the Rajputs and the Marathas. If you are a food lover, your options are endless - from spicy and mouth watering kebabs and pakoras to refined biryani and tandoori naan, India caters to every tongue and taste in the world! India is also a major hub today for affordable, low-cost world class health care, including holistic traditional therapeutic systems like Ayurveda.

With India home to every major religion in the world, you will find every place of worship here - churches, temples, gurudwaras, mosques, fire temples, synagogues, monasteries, etc. India is a place where you not only look for God but also find yourself through Yoga, meditation and spirituality.

Over 500 years ago, a brave Portuguese sailor called Vasco da Gama sailed across 12000 miles into unknown waters looking for a sea route to India. But today, travelling to India is fortunately much easier – in fact it has never been so easy. India now offers the Electronic Tourist Visa where you can get a visa to travel to India in only 4 days. And the best part is you don’t even have to come to the Indian Embassy to get visa the visa or stand in a queue – you can apply online

through the Indian Embassy website and travel to India with an electronic visa. Please visit our Embassy website for more details.

And if India is too big a country with too many bewildering tourism options, and you don't know where to go, don't worry! We have a 24x7 365 days Toll Free Multi-Lingual Tourist Help Line to facilitate foreign tourists visiting India. The help-line is available in 12 International Languages, including Portuguese. The Toll Free number and other details are also available on our Embassy website. The help line also advises callers in the event of an emergency and alerts concerned authorities, if required. This is an unique system set up by the Government of India to give foreigners a sense of safety and security during their travel in India.

What are you waiting for? Apply for the electronic visa, Visit India. Discover yourself; Discover "Incredible India"!

Sejam muito bem-vindos à 6ª Edição do Arrábida Art & Tourism Film Festival, onde a Índia surge este ano enquanto país convidado. Convido-vos a todos a juntarem-se a nós neste deleite visual onde são apresentados vários aspectos da fabulosa arte, cultura e turismo da "Incredible India".

A Índia, um país com 1.3 mil milhões de pessoas, mais de 2000 grupos étnicos a falar 1600 línguas, é em si mesma um Continente. Com uma civilização ancestral com mais de 4000 anos, alicerçada na fraternidade e na inclusão, a Índia é firme crente no credo 'Athithi Devo Bhava', onde todos são acolhidos por forma a sentirem-se em casa e todos são bem-vindos.

Atendendo à sua diversidade topográfica de montanhas, mar, deserto, colinas e planícies, a Índia disponibiliza toda uma panóplia de ofertas turísticas. E não me reporto exclusivamente ao turismo no sentido lúdico - uma vez que a Índia também oferece felicidade, paz e cura! É uma terra onde pode encontrar-se através de experiências espirituais nas margens do Rio Ganges; em emocionantes aventuras no topo das mais altas cordilheiras do mundo - os Himalaias; enquanto relaxa nas praias virgens das ilhas Andaman; ou durante deslumbrantes viagens de barco pelos lagos e canais do Kerala.

E se gosta de História, irá gostar de descobrir aqui todas as épocas históricas, viajando no tempo até à Civilização do Vale do Indo, até à incrível arte e arquitectura dos poderosos Impérios Indianos que governaram toda a Índia - os Mauryas, os Pallavas, os Cholas, os Mughals, os Rajputs e os Marathas. Se for um apreciador de comida, as suas opções são ilimitadas - desde as condimentadas e deliciosas kebabs e pakoras ao apimorado biryani e naan preparado no tandoori, a Índia tem algo a oferecer para todos os gostos! Presentemente, a Índia é também uma importante plataforma de cuidados de saúde de primeira classe, a preços acessíveis e custos reduzidos, inclusive no que concerne a sistemas de terapêuticas tradicionais holísticas, como sendo a medicina aiurvédica. Uma vez que a Índia acolhe as principais religiões a nível mundial, encontrará aqui toda uma variedade de locais de culto - igrejas, templos, gurudwaras, mesquitas, templos de fogo, sinagogas, mosteiros, etc. A Índia é um local onde não só pode partir à descoberta de Deus como também encontrar-se através do Yoga, da meditação e da espiritualidade.

Há mais de 500 anos, um navegador Português de nome Vasco da Gama viajou através de águas desconhecidas, cruzando 12.000 milhas náuticas em busca de um caminho marítimo para a Índia. Felizmente, viajar para a Índia nos tempos que correm é bastante mais fácil – de facto, nunca foi tão fácil. A Índia disponibiliza agora o Visto de Turismo Electrónico, onde pode obter um visto para viajar para a Índia em apenas 4 dias. E a melhor parte é que nem sequer é necessário deslocar-se à Embaixada da Índia para requerer o visto ou ficar na fila. Pode fazer o pedido de visto online através do site da Embaixada da Índia e viajar para a Índia com um visto electrónico. Por favor visite o site da Embaixada para mais informações.

E se a Índia for um país demasiado grande com desconcertantes opções turísticas, e der por si sem saber para onde ir, não se preocupe! Nós disponibilizamos uma linha telefónica multilingue gratuita, a funcionar 24h, 365 dias, com o objectivo de facilitar a sua visita turística à Índia. A linha de assistência está disponível em 12 Idiomas Internacionais, incluindo em Português. O número e outros pormenores estão igualmente disponíveis no site da Embaixada. A linha em apreço também fornece apoio em caso de emergência e as autoridades competentes são alertadas quando necessário. Este é um sistema único implementado pelo Governo da Índia com o objectivo de transmitir ao viajante uma sensação de segurança e protecção durante a sua estadia na Índia. Porque espera? Faça o seu pedido de visto electrónico, Visite a Índia. Parta à descoberta de si mesmo; Parta à descoberta da “Incredible India”!

Nuno Sá has been distinguished in some of the world's major international wildlife and underwater photography competitions, including the title of Underwater photographer of the Year 2015, two awards at the prestigious Wildlife Photographer of the Year competition, as well as winner of the Oceans category of the Natures Best Photography, amongst several others, and is today considered the most awarded wildlife photographer in Portugal. As a wildlife photographer Nuno Sá has been very active in creating marine awareness about the unique sea life of the Azores and Portugal. In 2010 he started a new way of getting people involved, splitting his time at the sea between stills and video, and opening Portugal's first production company specialized in underwater imagery – Atlantic Ridge Productions, using a ultra high definition RED Epic 5K camera to capture the amazing sea life of Portugal. He presently spends most of his time underwater doing video for several International Tv channels such as BBC, National Geographic channel, NHK and Discovery channel.

**Priscilla Frey**

---

Graduated in audiovisual production from ISCPA, Paris, 2012, Priscilla Frey is a producer in Geneva. Helping young writers and directors since the very beginning of a project is what she prefers the most, and how she develops her professional activities.

With a swiss father and a Portuguese mother, she lived 10 years in Lisbon where she discovered cinema's universe. Proud of her Portuguese origins, she founded a Portuguese cultural association where she lives, simultaneous with her production activities. It's first project was the first edition of the International Portuguese Speaking Cinema Festival, that occurred in August 2013. Attentive to the access of Portuguese emigrants to their culture and origins, Priscilla is already working on a new project, the Month of Cinema Portuguese, which will occur in April 2015.

Thus starts Bocage's sonnet, whence we took the name of this documentary. However, contrary to the idea of departure it expresses, we have aimed to focus on proximity. And we have contemplated it so intimately that it became unavoidable to associate the river to the soil, as it fecundates it, bringing it to life, a source of creative energy. That route took us to the women whose testimony is hereby offered.

## VI CONFERENCE “CINEMA AND TOURISM”

**17:00 h** Club Sesimbrense

Rob Davindson (England) - Theme: Movies and Tourism: Lessons from Scotland. For many years, Scotland's tourism industry has benefited greatly from that country's profile as an international filming location as fans of movies shot in Scotland visit the many sites of highly successful films such as The Da Vinci Code, Braveheart, Steven Spielberg's The BFG, and Disney/Pixar's Brave. The numbers of visitors to these locations have been boosted by the extensive promotional activities surrounding these films, organised by destination marketing organisations including VisitScotland and VisitBritain. This presentation will examine the reasons for Scotland's growing success as a film tourism destination and will identify lessons for other countries that have an ambition to generate film-induced tourism.

**17:30 h** Rui Miguel Mendonça (Portugal) “The Sporting TV in the tourist promotion”

Rui Miguel Mendonça, is a Communications Science graduate who started his career as a journalist whit Radio Comercial in 1997, working whit the broadcaster's sports department and the occasional appearance in news pieces. Two years later, in March, he moved to Sport TV, where he has spend 17 years as a journalist and editor and was one of the household names of the exclusive sports channel. In July 2016 he took on a role as the Sporting TV director, making history as the moderator for the first debate between Sporting presidential candidates, in addition to this coordinating the club's biggest ever elections.

### A Nossa Gente, Jorge Bacelar

May 22<sup>th</sup> to June 19<sup>th</sup> | Clube Sesimbrense, Sesimbra

Jorge Bacelar was born on 12th June 1966 in Figueira de Castelo Rodrigo. He is a veterinarian by trade but has always nurtured a love of photography despite only taking to it seriously in 2013. His work as a field vet in the area of Murtosa, in Portugal's northern Aveiro district has been his greatest inspiration. It has allowed him to get close to the preferred subjects for his photographs: rural farmers and their livestock. His photos have a raw, almost painterly quality that shows his close relationship with the people he photographs. He believes his photography gives access to a world few people know about. "I spend hours talking to people," Bacelar says. "The type of photos I take are very intimate. I photograph people inside their homes, their stables and that needs a certain amount of intimacy and close friendship." Through his Facebook page, Murtosa Tube, Jorge Bacelar's work has gained both national and international recognition. His first exhibition was in 2013 in Torreira, where he was one of several photographers invited to be part of an exhibition entitled "Marinhoeira People and Landscapes". In the same year his solo exhibition "Identity" opened at the local council of Veiros and he began submitting his work to art gallery FineArte Portugal where he currently has over 350 photographs available. Since these relatively modest beginnings, Jorge Bacelar has gone on to compete in renowned international photography competitions. In 2014 he won the "Together Against Hunger!" photography competition organised by the Community of Portuguese-speaking Countries

(CPLP) and the United Nations Food and Agriculture Organisation (FAO). In July 2015 he won the "Nomination Award HPA 2015" in the HPA2015 9th Humanity Photo Awards organised by UNESCO and CFPA, in Beijing, China. In 2016 he became world champion as part of the Portuguese team in the World Photographic Cup after being awarded a Photographic Cup Reportage Bronze Medal 2016. In the FEP European Professional Photographer of the Year Awards he gained a Reportage Bronze Camera 2016, a Reportage Excellence Award 2016, and a Reportage Distinction Award. He is currently a finalist in the prestigious Hamdan International Photography Award – HIPA 2016 (Happiness) in two separate categories.

In October 2016 in Italy at the prestigious international competition "Siena International Photography Awards 2016" received the distinction "Remarkable Award".
